

Virtual Healthcare Worker Support Group

Wednesday Evenings 5:30 to 6:30 p.m.

Support groups will be held virtually via Zoom

Many healthcare workers are experiencing mental strain and exhaustion as we continue battling COVID-19. Please join us for our ongoing virtual healthcare worker support group, where you can connect with other like-minded healthcare professionals to support one another. This group is offered at no cost and facilitated by Haven's licensed social workers.

If you are interested in participating, please email CommunityResources@BeYourHaven.org with your name, email and phone number for log-in instructions.
